\*Cement tiles must be carefully sealed for indoor and outdoor use, and temperature extremes must be considered.

## Recommended Uses

- Commercial
- Residential
- Indoors
- Outdoors\*
- Floors
- Walls
- Showers
- Spas
- Pools
- Stairs
- Bar Fronts
- Bar Backs

These dynamic tiles are made to last: no printed-on color here. Similar to natural stone, each cement tile is unique with slight color variations, the sign of an artisan-made product. Installing cement tiles is similar to installing natural stone, with tighter grout lines and use of a sealant after the tiles are set.

*Every cement tile project is unique. Cement Tile is a specialty product, and requires a carefully chosen sealant.*
